

Mathematics Showcase

Date: Tuesday 27th June 2017

Time: 3:15pm - 4:15pm

Where: All classrooms

Students will be displaying what they have learnt this term through a range of games and problem solving tasks.

Please come, join us, play some games, and embark on a problem-solving mission moving from classroom to classroom solving problems and stamping your passport along the way.

To kick off the afternoon join your child in their classroom to play a variety of fun filled games then follow the trail around the school to collect as many stamps as possible.

Feel free to pop in and stay for as long or as little as you like.

We hope to see you all there!

Numeracy Team
